Tuesday 19<sup>th</sup> April 2022

Dear Parents/Carers

Welcome to the Summer Term! We hope you had an enjoyable and relaxing Easter break. This term we are looking forward to sharing some exciting learning opportunities for the final term in Year 3.

We are really excited to be planning a school trip to London Zoo on Wednesday 11<sup>th</sup> May to support our Rainforest Geography topic. If you haven't seen the letter regarding this trip, please ensure that you look at the ping message sent on April 1<sup>st</sup>. You will find details of all of our other plans on the attached Medium-Term Plan.

## Swimming

The swimming pool is currently undergoing routine maintenance and we hope to resume our swimming lessons this term as soon as possible. We will let you know as soon as we are able to return to the pool.

## PE

We will continue to have our PE lessons every Thursday – please ensure that your child comes to school in the appropriate school PE kit every Thursday.

- Yellow PE top (or bubbles shirt)
- Navy Blue shorts or jogging bottoms
- Trainers
- Navy Blue Jumper/sweatshirt/school fleece

Most of our PE this term will be outdoors so please ensure that your child is dressed appropriately. Also, please ensure that jewellery and earrings are removed for PE days.

## Home School Library

Home school library will continue this term. Please ensure that your child returns their library book on a Thursday.

## Homework

We will continue to use Google classrooms to support learning at home. The children will continue to receive weekly spellings on a Monday and will be tested on the following Friday. This term we will be focusing on the x7 and x9 times tables which will also be tested every Friday. Times table and subject specific homework will also be available on the class Google Classrooms page.

We understand that it is sometimes difficult to find time for the children to complete their homework, but we do encourage them to complete at least one piece a week. This enriches their work at school and will also prepare them for their future learning throughout Key Stage 2. Please also encourage your child to use Numbots and TTRS at home to support their mathematical fluency.

Thank you for your continued support and please do not hesitate to contact us if you have any questions or queries.

Kind Regards,

*Mrs Woodman, Mr Scippo and the Year 3 Team*
