## **Welcome to Swallowfield Primary**

After 40 years of Swallowfield Lower School, the next decade in the school's journey is about to begin. Swallowfield Primary and Busy Bees Pre-School will open its door on Monday 5th September.

It is an exciting new beginning for the school as we commence our transition to become a Primary school. This year we welcome our first Year 5 children who will continue their education as they grow with us. By 2024, we will provide education for local children from the age of 2 through to 11 years old.

We welcome our new Reception children who will be starting school for the first time this month and we are delighted they have chosen Swallowfield Primary to begin their school life.

As we evolve into a Primary school, we also welcome new staff to the Swallowfield family. New teachers are ready to welcome their classes along with new support staff. We invest in a high number of learning support staff who are allocated to year groups to support children in their learning and wellbeing.

Swallowfield offers a secure, happy and effective learning environment in which children, staff, families and governors work together to accomplish the aim of fulfilling the potential of each child. It was rated as Good by OFSTED in 2021.

The school has some fantastic facilities. It has Busy Bees Pre-School, a swimming pool, an all-weather running track, a library bus, an adventure playground and lots of outdoor space to play and learn. Through the fundraising by Swallowfield PTFA (Parents, Teachers & Friends Association), we continue to develop these facilities and provide educational experiences for the children while at school.
